

ADDALAMITTA VINUTHNA VASANTHI

NELLORE | vinuthnavasanthi@gmail.com | 7207631753 |  [LinkedIn](#)

OBJECTIVE

To secure a challenging position in a progressive and innovation-driven organization where I can apply my knowledge in Artificial Intelligence, Machine Learning, and Data Science to develop intelligent and impactful solutions. I aspire to contribute to real-world problem solving through research, analytical thinking, and technical expertise while continuously enhancing my skills and supporting organizational growth.

SKILLS

Proficient in Python, C, HTML, CSS, and JavaScript, with basic knowledge of Java and SQL. Experienced in using Jupyter Notebook, Google Colab, VS Code, and Git & GitHub for development and version control. Strong analytical thinking, problem-solving, communication, and teamwork skills.

PROJECTS

SMART WALKING DETECTION SYSTEM

10-Oct-2025

- Developed a system to detect obstacles and assist safe navigation for visually impaired individuals.

SMART ATTENDANCE SYSTEM

- Designed a facial recognition-based system to automatic attendance management.

CROP DISEASE PREDICTION SYSTEM

- Created a predictive model to detect crop disease using image processing techniques.

EDUCATION

UNDERGRADUATE DEGREE

B.Tech in Artificial-Intelligence and Data-Science
Dhanalakshmi Srinivasan University

Year of passing -2027

A-Grade / 8.78

**TRICHY,
TAMILNADU**

INTERMEDIATE

Board Of Intermediate Education, AP
Viswasai Junior College

Year of passing – 2023

A-Grade / 8.84

**NELLORE ,
ANDHRAPRADESH**

ADDITIONAL INFORMATION

- Participated in technical hackathons and actively involved in developing AI/ML-based solutions.
 - Strong interest in Artificial Intelligence, Data Science, and real-time problem-solving applications.
 - Experience in building socially impactful projects such as assistive technology and predictive systems.
 - Quick learner with the ability to adapt to new technologies and tools efficiently.
 - Available for relocation and immediate joining.
-
